

## Spartanburg Avenue (102) Project Summary

---

<b>Project Name</b>	Spartanburg Avenue
<b>Eligible Greenbelt Recipient</b>	City of North Charleston
<b>Street Address of Property Location</b>	Spartanburg Avenue (102) North Charleston
<b>Acquisition Type</b>	Fee Simple
<b>Total Acreage</b>	6.9
<b>Total Match</b>	\$10,000
<b>Total Greenbelt Funds</b>	\$75,602

### **Project Description**

The property is near the headwaters of Noisette Creek, a tributary to the Cooper River and Charleston Harbor. The city of North Charleston will combine this property with others to create a passive park along Noisette Creek.

### **Compliance with Greenbelt Plan:**

- Assists in meeting the goals of the Greenbelt Plan's system components in the following manner:
  - 0.5 acre toward meeting the goal of protecting 2,000 acres of urban greenbelt lands
  - 6.4 acres toward the goal of protecting 5,610 acres of Lowcountry wetlands
- Meets the following components of the Greenbelt Plan's definition of greenbelts:
  - Passive greenspace
  - Lowcountry natural resources
- Meets four purposes of the Greenbelt Plan:
  - Preservation of natural resources
  - Protection of scenic landscapes
  - Outdoor access and recreation
  - Protection of public health, safety and welfare
- Addresses wishes of public by:
  - Providing passive greenspace, which is the most desired type of greenspace identified by citizens.
