Project Description

Located in the Peirpont Area of West Ashley, this former 2.7-acre residence will be converted to a public park in an area with little opportunities for active recreation. Additionally, the property contains several grand oaks that will be preserved.

Compliance with Greenbelt Plan

- Assists in meeting the goals of the Greenbelt Plan’s system components in the following manner:
 - 2.7 acres toward meeting the goals of protecting 2,000 acres of urban greenbelt lands.
- Meets the following component of the Greenbelt Plan’s definition of greenbelts:
 - Passive greenspace
 - Active greenspace
- Meets two purposes of the Greenbelt Plan:
 - Outdoor access and recreation
 - Protection of public health, safety and welfare
- Addresses wishes of public by:
 - Providing passive greenspace, which is the most desired type of greenspace identified by citizens.
